

# Internship Mercedes-Benz Japan Co., Ltd.

Country	City	Remuneration
Japan	Kawasaki (Tokyo City Center → 29 min) (Yokohama → 13 min)	130.000 JPY a month (As support for living expenses)

## Short introduction

Mercedes-Benz Japan Co., Ltd. is a Japanese subsidiary wholly-owned by Daimler. Since 1986, Sales and services for passenger cars of Daimler –Maybach, AMG and smart – are offered to people in Japan.

As an intern at the Mercedes-Benz Research and Development Japan (RDJ) office in Kawasaki, with good connections to central Tokyo, you will have the opportunity to experience an intercultural working environment of a leading luxury car manufacturer. You will improve your language skills by communicating in our team as well as other departments. Furthermore you will deepen your expertise about the automotive industry in Japan.

As a part of the Research and Development division, you will have the following tasks:

- Researching competitor information and managing the competitors database
- Create reports and Newsflashes about new trends
- Translation of documents (English <-> Japanese)
- Prepare and create presentations based on Japanese articles
- Support the respective team with their daily tasks
- Office administration

There are positions available in the following teams:

- Telematics (Navigation Benchmarking, Trend Research)
- Administration
- Alternative Drivetrain
- Driver Assistance Systems

The internship is basically set for a period of preferably 6 months.

## Required specialized knowledge

- Fluent Japanese (JLPT N2 or similar)
- Fluent English
- Microsoft Office

### **Preferred skills**

- Basic technological knowledge preferred
- German language

### **Additional assistance**

- Tips for accommodation and Japan related information
- Help with visa procedure

If you are interested in the above positions please send your:

- Cover letter
- CV in English
- A short self-introduction in Japanese
- Transcripts of records from your university
- If applicable certificates/ references of language skills
