2.  COURSES:  You can register for the following courses (see list of courses and instructors below).
Please choose max. 1 course from each group. A-courses are basic courses, B-courses are more advanced. Please note:

- if you wish to register for *'Language Contact (A)'* with Pieter Muysken or *'Topics in Functional Syntax (B)'* with Robert van Valin you will need to choose these twice - from both groups.
- if you want to only audit a course, i.e. not take it for credit, please write "auditing only" next to the course. **Please note** that the McMahon course has been closed for "auditing only" students. Students willing to take credits are still welcome.
- **we highly recommend to take no more than four or five courses.** Everything else will easily go beyond your capacity to really focus on the courses you do take.
